

## COMMUNICATION IS YOUR NEW WEAPON

### PLAN

SideWinder Game Voice allows you to group up to 64 teammates and friends into 5 separate channels for private flying orders, planning, and conversation.

### CONTROL

Game Voice's control pad gives you easy access to controls that let you mute mic, adjust volume, broadcast to different channels and enable voice-activated commands at any time.

### LISTEN

Game Voice's voice technology delivers clear robust sound through nearly all Internet connections, allowing you to find and talk to your friends quickly and easily.

### COMMAND

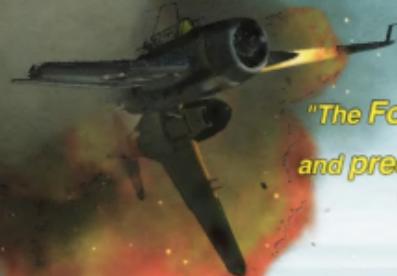

SideWinder Game Voice is the complete voice solution for game play: allows multi-player chat and voice commands with a high quality headset and command pad.

See for yourself - get hooked and connected with Game Voice Share software, available for free download! [www.microsoft.com/sidewinder/](http://www.microsoft.com/sidewinder/)

**"Game Voice frees your hands allowing you to organize your squadrons and taunt your enemies."**

-Darryl Saunders  
Product Manager  
Combat Flight Simulator 2

*"The Force Feedback 2 gives a new punch to the game; delivering awesome forces and precise handling that bring the realism of dog-fighting to life."*

-Darryl Saunders  
Product Manager  
Combat Flight Simulator 2

# POWERFUL FORCES PINPOINT ACCURACY

Microsoft

## PRECISION

The SideWinder Force Feedback 2 has a re-designed action throttle that puts precise and accurate speed control right at your fingertip.

## FORCES

Feel the realism as the SideWinder Force Feedback 2's 16-bit, 25MHz processor delivers more than 100 lightning-fast forces that are now included in over 200 of today's hottest games, including Combat Flight Simulator™.

## STABILITY

With the Force Feedback 2 the power supply is now on-board, providing stability and ease of use for balanced game play.

## FIREPOWER

The Force Feedback 2 delivers during dogfights with multiple button inputs. Hit the hat switch and button 2 at the same time more efficient sighting and shooting.
